

EAST TENNESSEE
REALTORS®

Internet Data Exchange Program (IDX) Opt-Out Agreement

The Multiple Listing Service Internet Data Exchange Program (IDX) of the East Tennessee REALTORS® will provide MLS Participant Subscribers and their Affiliated Sales Licensees with their own individual public web sites which will include active MLS property data from the IDX Program. The IDX Program property data information will be updated daily. Every MLS Participant (Principal Broker) is automatically a Subscriber to the MLS IDX Program. Any MLS Participant who elects not to subscribe to the MLS IDX Program is required to indicate on this Agreement that they elect not to subscribe.

MLS Participants (Principal Brokers) who complete this IDX AGREEMENT are informing the MLS of their intention to not subscribe to the MLS IDX Program.

I DO NOT SUBSCRIBE TO THE MLS IDX PROGRAM. I understand that this means that the MLS IDX Participant Subscribers will not be permitted to display my active MLS listings on their public web sites. I further understand that my Firm and my Affiliated Sales Licensees will receive no benefits under the MLS IDX Program. My Firm and my Affiliated Sales Licensees will not be allowed to display the listings of the participating MLS IDX Participant Subscribers. My Affiliated Sales Licensees and I may display my own Firm's MLS Listings on our own public web sites.
